

Derek Dilger

Programmer; Bachelors in Computer Science from California State University, Sacramento, Graduated May 2024

Sacramento, CA 95826

derekdilger@gmail.com

916-599-8548

I recently received my bachelor's degree and am eager to produce value for the world. I've held multiple unspecialized jobs to pay for college. I also have experience in Agile/Scrum development. Java is my preferred language, then Python. I have one semester of C language experience.

Authorized to work in the US for any employer

Education

Bachelor's in Computer Science

California State University-Sacramento - Sacramento, CA

September 2021 to May 2024
